Imex is now an **official UK distributor for Federal-Mogul®**. Their extensive range of **engine products** will be available from Imex on either a **Free Same Day Delivery**, from **7 nationwide depots**, or a **Guaranteed Next Day Delivery** service.

Federal-Mogul® has the engine reconitioner markets covered with industry-leading engine solutions. Its brands are trusted within millions of cars, vans & trucks throughout the world and the company is recognised for its dedication to quality manufacturing and aftermarket engineering.

This extensive range of engine brands will include: **Payen®**, **Nüral®**, **Goetze®**, **Glyco®**, **AE®** & **FP Diesel®**. **Federal-Mogul®** catalogues are available from Imex, call: **Lo-Call: 0845 60 50 404**

The **Payen®** brand of **gaskets**, **oil seals** and **cylinder head bolts** represents innovative design technology and strict manufacturing standards - qualities that support their reputation as a trusted manufacturer, whether for OE or the aftermarket.

Payen® manufactures products using all **cylinder head gasket** technologies, including fibre, graphite, multi-layer steel (MLS) and steel/elastomer gaskets. Ensuring their products offer:

- Excellent distribution of clamp load to sealing areas
- Optimum design to suit all engine requirements
- Ability to accommodate thermal deflections and surface roughness.

The **Nüral®** **piston** & **kit sets** brand provides consistent reliability and durability over a range of performance options.

Nüral® **pistons** are designed and manufactured with appropriate elasticity, high geometric stability and minimised **piston** weight. These **pistons** will meet the needs of both OE and aftermarket customers.

Goetze® **piston rings** are matched to every need and every application - from the brutal conditions faced by the high-performance race car to the stop-and-go driving of the everyday vehicles. **Goetze®** **piston rings** are an excellent choice for both OE and aftermarket applications in the automotive, agricultural, marine and industrial sectors.

As well as quality **piston rings** **Goetze®** is a leading name for the supply of **cylinder liners**.

GLYCO® Engine Bearings

Glyco® offer **engine bearings** that deliver quality for both OE and aftermarket applications. Their brands are found in engines in every market sector around the world.

Customers rely on Glyco® brand because of their unrivalled range of **bearings**. Also, their ability to develop innovative technologies that are designed to solve a problem, make the job easier or improve vehicle performance.

AE® Valves & Components

AE® offers a complete line of precision-engineered replacement and performance upgrade valve train product options in the brand names you trust, including:

- **AE® valves** - more than 1,600 application-specific designs, OE-certified
- **AE® camtrain & ancillaries** - more than 300 applications
- **AE® belts & timing kits** - more than 1,100 belts and 125 complete timing kits for more than 10,000 applications.

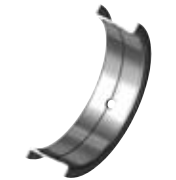

Pistons, Head Gaskets, Gasket Kits & Heavy Duty Valves

FP Diesel provides precision-engineered US heavy-duty **engine parts & gaskets** for **Cummins** and **Caterpillar** applications amongst others. These are used in the construction, marine, agricultural, mining, gas compression, trucking and industrial sectors.

The range encompasses: **pistons, liners, rings, bearings, head gaskets, gasket kits, head bolt sets & valve trains.**

GASKETS & HEAD BOLTS	VALVES, GUIDES & SEATS	PISTONS & KIT SETS	RINGS & LINERS	BEARINGS	TIMING COMPONENTS	US HEAVY DUTY ENGINE PARTS
